BAN THE IMPORTATION OF FOIE GRAS IN IRELAND

We, the undersigned, call on the Irish government to implement a total ban on the importation of foie gras in Ireland.

Foie gras is made from the forcibly enlarged livers of ducks and geese. These animals are kept in cramped, filthy cages and are force-fed (a long, metal pipe is rammed down their throats) up to 7lbs of food per day.

This industry is so barbaric, that it is already illegal to produce foie gras in Ireland - but until we stop importing it, we are still responsible for this cruelty.

BAN FOIE GRAS NOW!
